

Corona Virus Protocols

In accordance with recently published guidelines by the US Center for Disease Control, Centaur Rising will institute the following protocols:

For students:

- Stay home if sick with cold/flu/allergy symptoms.
- Wash your hands with soap before riding.
- Respect a 6 foot “social distance” between you and any other person.
- Wear gloves while
 - handling your horse
 - grooming
 - tacking
 - riding
- Avoid touching your face, even with gloves.
- Cough/sneeze into your sleeve or a tissue that you throw away.
- No horse kissing – sorry.
- Wash your hands after riding.

Centaur Rising will:

- Provide soap in the bathroom and paper towels for drying.
- Disinfect common surfaces:
 - Doors
 - Door knobs
 - Bathroom surfaces
 - Grooming tools
- Launder gloves used by others (only one use/person) daily.
- Limit the number of people in the arena to six people.

What else can you do?

- Avoid sick people - elsewhere.
- Help us provide for the ongoing care of the horses.

People need to get out. They need rewards for school, work and home chores. Horses provide a break from technology. Animals do not transmit the corona virus.

Thank you SO MUCH for understanding!
