

Why Do We Do What We Do?

Centaur Rising helps people.

Every student develops **confidence**. This change is reflected in their posture, their poise, their positive outlook, and the sparkle in their eye.

Self-esteem is so important for young people.

Although students may start their experience at Centaur Rising

treating horses crudely, without **compassion**.

In the environment of CR -

surrounded by humans who are insightful, perceptive, respectful and loving - a student's behavior quickly changes.

Kids who feel otherwise alienated

find purpose.

They reach out to others.

Horses ground them.

More advanced students learn to teach and supervise others.

Their confidence, **communication** skills and compassion grow.

Thirty students have stayed with us for five years or more.

As adults, our former students give back to their communities in so many ways.

Centaur Rising helps horses.

The world is not always kind.

Careless breeding creates animals destined for untimely deaths.

Horses are exploited for ego or financial gain, only to be rudely discarded when no longer needed.

We teach **commitment**.

We teach that there is always a path to a *better* partnership.

It is the relationship that is most fulfilling.

Please help Centaur Rising continue this important work.

Your donations are needed to support our horses, our instructors and our programs throughout the year.
